

A black vinyl turntable is the central focus, resting on a thick, light-colored wooden coffee table. The turntable has a silver platter with a black vinyl record on it. A black tonearm with a clear dust cap is positioned over the record. The turntable is supported by four black feet. In the background, several vinyl records are stacked on the table. The floor is made of light-colored wood with a herringbone pattern.

Turntables

AT-LP5

Hi-Fi Direct-Drive Turntable (Analog & USB)

- A perfect balance of technology and design, the sleek contemporary lines of the AT-LP5 turntable grace any room in the home while delivering performance features born out of Audio-Technica's rich analog heritage.
- AT95EX Dual Moving Magnet stereo cartridge mounted on AT-HS10 Headshell with gold-plated u-shaped connectors.
- Original Audio-Technica J-shape design tonearm.
- 5mm Audio-Technica heavy damping rubber mat.
- 33 1/3 & 45 RPM selectable speeds.
- Switchable analogue output (phono or line level).
- USB output for direct to Mac/PC recording (Audacity software included).
- Internal PSU with IEC Power Socket to provide superior grounding and allow upgrading of the power cable.
- Dual female RCA analogue output socket to allow upgrading of the Dual RCA audio cable from Turntable to Hi-Fi system (phono or line)

AT-LP120-USBHC

Professional Direct-Drive Turntable (Analog & USB)

- USB output – connects directly to your computer for plug-&-play use.
- Mac- and PC-compatible Audacity software digitises your LPs.
- Direct-drive high-torque motor.
- Selectable 33/45/78 RPM speeds.
- Professional cast aluminium platter with slip mat.
- ½-inch mount universal headshell with Dual Magnet™ phono cartridge.
- Balanced tonearm with soft damping control.
- Switchable built-in pre-amplifier with line-level RCA output cables.
- Included cables connect to your stereo or powered speakers.
- Stroboscopic platter speed indicator.
- Forward and reverse play.

accessories

AT-LP60-USB

USB Turntable (Analog & USB)

- USB output – connects directly to your computer for plug-&-play use.
- Mac- and PC-compatible Audacity software digitises your LPs.
- Fully automatic turntable operation with two speeds: 33 1/3, 45 RPM.
- Professional aluminium platter.
- Included cables connect to your stereo or powered speakers.
- Integral Dual Magnet™ phono cartridge with replaceable stylus.
- Switchable built-in pre-amplifier with line-level RCA output cables.

Cartridges / Styli & Accessories

Driving over 50 years of legendary performance

Choosing the Right Cartridge

The ultimate performance potential of any record playing system is defined by the capabilities of the phono cartridge. Tonal balance, response range, clarity on musical peaks, stereo separation and imaging, and freedom from noise and distortion are all affected at the outset. Your choice of cartridge can affect the life of your records. With vinyl records becoming more and more difficult to replace, it's an important point to keep in mind when selecting a cartridge or upgrading your system.

Conical Styli

The benefit of conical styli, even if the cartridge is 'lean', is the ball surface of the stylus touches the groove of vinyl records precisely. Due to its stability, it has been used widely in radio stations.

Elliptical Styli

To reduce the tracking distortion and pinch-effect of a conical stylus, the elliptical stylus is made with a smaller effective radius to overcome these two conditions and provide more detailed audio content.

Line Contact Styli

(Special Line Contact, Shibata, MicroLine®)

Having a greater tracking ability than an elliptical stylus, the line contact styli will have a deeper contact area to the vinyl record groove. This enables the stylus to fully reproduce all content of the vinyl record with reduced stylus and groove wear.

AT95E

Moving Magnet Cartridge

The **AT95E** provides outstanding overall performance for mid range systems due to its elliptical diamond stylus and dual magnet setup. Featuring the same dual magnet design as Audio-Technica's celebrated **AT440MLa** and **AT150MLX** cartridges, the **AT95E** has found popularity amongst entry to mid level enthusiasts for its excellent value for money.

AT91

Moving Magnet Cartridge

The **AT91** features a conical stylus and robust housing for reliable, long lasting performance. Recommended by industry professionals as the go-to cartridge for entry level systems and older record players alike, the **AT91** is a truly versatile solution.

ATN95E

Replacement stylus

Replacement stylus for **AT95E** cartridge.

Also compatible with **AT93** and **AT95** discontinued models.

ATN95EX

Replacement stylus

Replacement stylus for **AT95EX** cartridge.

ATN91R

Stylus

- Aluminium alloy tube cantilever for the pick-up of subtle details
- Replacement stylus for AT91R
- Bonded conical stylus

ATN91

Replacement stylus

Replacement stylus for **AT91** cartridge.

Also compatible with **CN5625AL** and **AT90** discontinued cartridges.

The **ATN91** is also the upgrade replacement styli for **AT3600L**. The tracking force of **AT3600L** equipped with **ATN91** is 2g - do not upgrade from **ATN3600L** to **ATN91** when your tonearm does not allowed tracking force adjustment.
